

## Owl's Supply List

Dear Owl Families,

We are asking each family to spend between \$10-\$20 on school supplies for the beginning of the year. **Each student will need the items listed under "individual use and community use."** If money is left over and you'd like to contribute to our "other needs list" feel free. Thank you in advance for your support!

I'm excited for the year to begin!

P.S. As a reminder, our school has recommitted to having less media images on student clothing and materials. Thank you for honoring this as you select supplies for your child and our community!
